

RentWorks Version 4.1.J6 Release Letter

Note: This release requires Progress Version 11.7

SIGNIFICANT CHANGES:

- **Liberkee Integration** - Customers use their mobile phone to lock and unlock your vehicles. You manage access in the cloud, and physical keys are no longer handed over. Access is digital and is handled over the air, hygienically, and securely. Contact-free. Convenient. Efficient.

A screenshot of a software dialog box titled "Send Liberkee Voucher". The dialog box has a close button (X) in the top right corner. The text inside reads: "Send a Liberkee voucher to renter. You may send by Text, EMail or both." Below this are several input fields: "Text Phone#:" with the value "732-555-1212", "Email Address:" with the value "support@barsnet.com", "Valid From:" with a date field "04/12/2021" and a time field "9.13", and "Valid To:" with a date field "04/16/2021" and a time field "9.13". Below these is a "Voucher Valid For:" field with the value "1" and a dropdown menu set to "Hours". At the bottom left is a "Voucher Link:" label. At the bottom right are two buttons: "Send" and "Exit".

Enhancements/Improvements :

Editing of Auto Apply Fees and Taxes – we now allow the agent to edit auto-apply fees and taxes if they have the privilege to delete auto-apply fees and taxes.

Forgot Password – forgot password now allows proper changing of password and security questions.

CC Card Holder Name format change – the CC industry is now allowing a credit card to have a name without a “slash” between the first and last names. This was generating un-necessary name mismatches when processing credit cards.
